

OURANUS

As increment kills chaos, time also

regular measure

unexpected jet as to be rent

cast as patricide

and met by that primordial wet net.

As Rhea, indifferent to time's arranged

sickle, scythe, and mouth

to be supplanted by the yearn to blur

faith's enriched

oblivion no mean horizon no

by one's own project progression

the past at last

perfected: cut

mind, buries vulnerability beyond

in the (whet) carved out.
