

The paper cookie's paperslip says "indulge some of your urges" but which? To write and "not work"? To textmyex? To lick

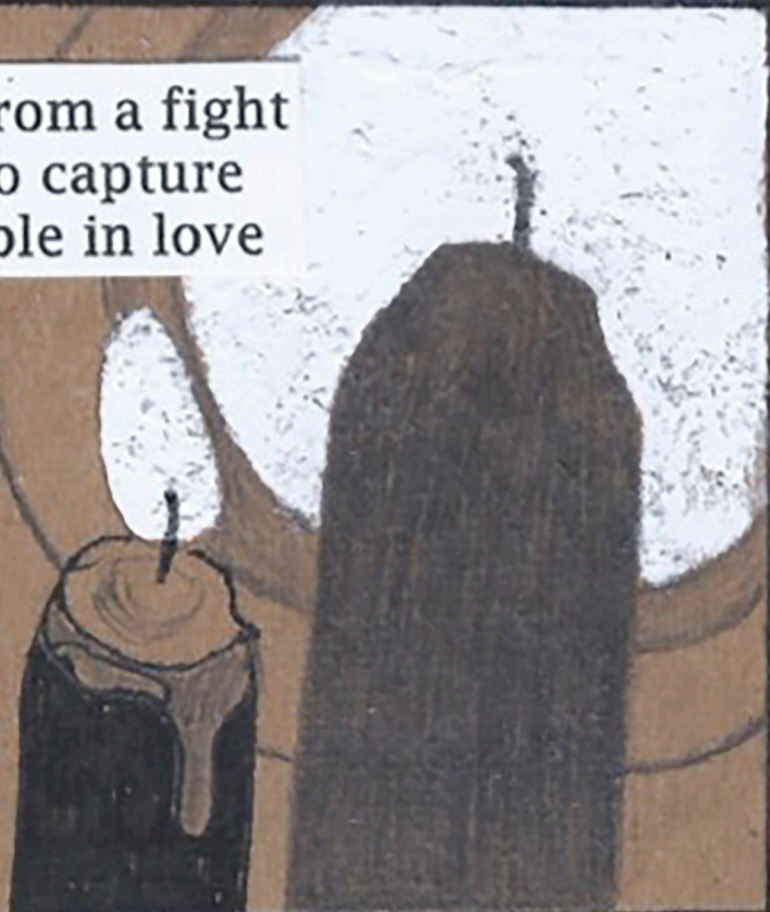

my lover's armpit? To climb into in the meadow and not return?

A woman is so depressed she believes she is a chicken Her son has died. The doctor asks her husband why they took so long to come in Her husband confesses he liked the eggs too much. A small pleasure every day for just the two of them

Photos from a fight appear to capture two people in love

Today I will indulge in a good throwing stone
